Antin Infrastructure Partners has appointed Angelika Schöchlin as Partner and promoted Guillaume Friedel to Vice President.

Prior to joining Antin Infrastructure Partners, Schöchlin worked at Terra Firma as a Director based in Frankfurt. Angelika has over 12 years of experience in principal investing (including infrastructure) and corporate finance.

Alain Rauscher, Chief Executive Officer and Managing Partner, says: "I am delighted to announce the arrival of Angelika, which further strengthens our investment and asset management capacity. Following the successful closing of the Fund last September, Antin IP is focusing on delivering value creative transactions to our investors and Angelika's experience will help us achieve our ambitious strategy".

Commenting on the promotion of Guillaume Friedel, Mark Crosbie, Managing Partner, says: "Antin Infrastructure Partners is committed to building a leading infrastructure manager for LP's over the long term and Guillaume's appointment, after two years as an associate at Antin IP is further evidence of our commitment to the development of high quality talent."

Angelika joins the five existing Partners of the team: Alain Rauscher, Mark Crosbie, Mélanie Biessy, Charles Dupont and Stéphane Ifker in an overall investment team of fifteen professionals.
